FD Series NEMA 1 Enclosures

Description

The FD Series control panel is designed for flush mounting and protecting of pneumatic or electrical control devices.

Each FD Series control panel comes complete with Lock & Key set and mounting holes. A fully perforated Sub-Panel is also available.

The FD Series is type 1 UL label. The Fully Perforated Sub-Panel allows for easy mounting of componenets without having to pre-drill.

Features

- *Low-Cost Quality NEMA 1 Enclosure*
- *16 Gauge Steel Construction*
- *Complete with mounting holes: No Drilling required*
- *Standard mounting with door hinged on left or right side.*
- *Color: ANSI-61 Gray*
- *14 Gauge Sub-Panels Fully Perforated to simplify component mounting (Powder Coated White)*
- *Door Lock & Key are standard*
- *Type 1 UL-Listed Version*
