Applications

- Fan coil units and baseboards where fail safe operation or 2-wire control is required
- · Hydronic systems with variable or constant flow

Mode of Operation

Zone valves provide a convenient way to create individual zones or equipment isolation in a hydronic system. Utilizing one pump along with multiple zone valves, flow can be started, stopped, or diverted through the system to provide individual room or area comfort control and energy savings.

Product Features

Zone valve is designed to fit in compact areas where on/off control is required using 24 VAC or 120 VAC.

Actuator Specifications

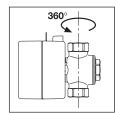

Control type	On/Off, Diverting			
Manual override	(only NC versions)			
Electrical connection	6" [15cm] wire lead 120 V; 18" [45 cm] wire lead 24 V			

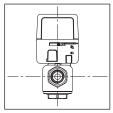

Valve Specifications	
Service	chilled or hot water, 50% glycol
Flow characteristic	
Two-way Three-way Sizes	On/Off On/Off, Diverting ½", ¾" and 1"
Type of end fitting	NPT female ends or sweat
Materials	
Body Stem Seals	forged brass stainless steel EPDM
Pressure rating	300 psi
Media temp range	32°F to 212°F [0°C to 100°C]
Close off pressure	20-75 psi
Leakage	ANSI Class III 0.1%
Cv rating	see product chart for values

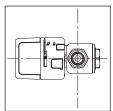

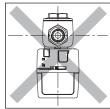

INSTALLATION

The valve can be installed vertically or horizontally, but not below horizontal.

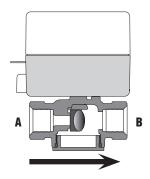

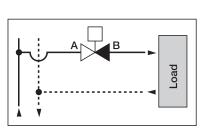

- A 3-way valve cannot be transformed into a 2-way valve and visa versa.
- The 2-way flow is from A to B (see diagram below) and must be installed so the paddle closes against the direction of flow.
- The 2-way valves can be installed on the supply or on the return; for correct installation it is necessary to respect the direction of flow indicated by the arrow on the body valve.
- The NC versions have an override handle.
- 3-way zone valves can be fitted with NC actuator only (rotate the valve body 180° for NO application).

	2-WAY	3-WAY
N.C. without power	Port "A" closed	Port "A" closed Port "B" open Port "AB" open
N.C. open with power	Port "A" open	Port "A" open Port "B" closed Port "AB" open
N.C. manually open	Port "A" open	Port "A" open Port "B" open Port "AB" open
